

Advanced Display Testing

LumiTop Series - Best for low and high luminance measurements

- ▲ High dynamic range for the complete scope of display tests in one system
- ▲ Excellent for measurement of homogeneity (high and low luminance) and defect detection
- ▲ Upcoming LumiTop X20: The latest development in low luminance measurement
- ▲ Solutions for any display size
- ▲ Fast and accurate 24/7 display testing
- ▲ Absolute calibration – traceable to national metrology standards

See us at Display Week!
May 10 - 12, 2022
Booth #1127 German Pavilion

We bring quality to light.
